

YOUR IMPACT ON FAMILIES IN 2019

Thanks to YOU

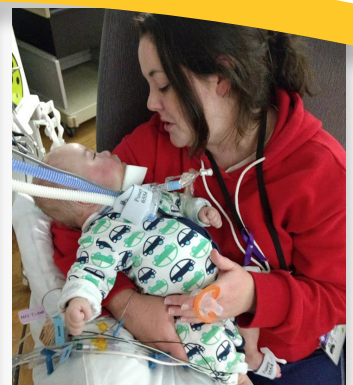

1,217 families stayed close
to their children in the hospital
for a total of 10,742 nights
of peace and comfort

At just 30 weeks, Max was born in Little Rock with critical health issues. His mom and dad could not leave his side, but lived three hours away. Because of you Ronald McDonald House was their "home-away-from-home" for seven months.

There are many families like the Lovings who count on your help. At Ronald McDonald House you give families a connection with their child in the hospital that is priceless. You make them part of their child's healing.

Kelli said, "Ronald McDonald House helped us so much. It was more than just a place to rest. We were able to stay so close to our son. They provided meals every day, laundry, a lactation room, so much - and a place where we found comfort. I honestly have no clue what we would have done without them."

Dustin shared, "We'll always be so grateful to Ronald McDonald House. They gave us a room, food, and so much more! I think of the friendships we made there with other families and staff. When your child is in crisis, support like this means everything. **This is what your donations do for families like ours who need help.**"

What is Ronald McDonald House Charities of Arkansas?

Our three programs help children and families in their times of need

Since 1981 the **Ronald McDonald House®** has served as a “home-away-from-home” for families whose child has been sent to Little Rock for life saving medical care.

The **Ronald McDonald Care Mobile®** has provided free dental care and education to underserved children in Central Arkansas since 2009.

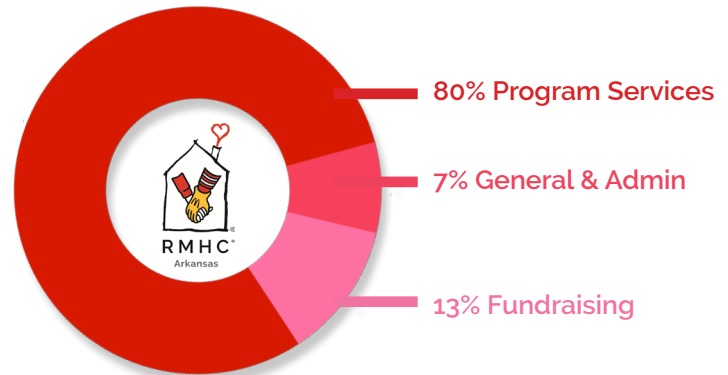

The **Ronald McDonald Family Room®** at UAMS, constructed in 2019, opened in January 2020. It provides respite for families with babies in the NICU.
